Range Cleanup: we are going to hold a range cleanup/maintenance on **September 27, 2014 (Saturday) from 8:00 AM until 12:00 PM**. As discussed at the meeting everyone agreed that the range looked very good after the cleanup for the Women on Target event. So it was decided that we should hold more cleanup/work parties throughout the year. Our plan is to hold one every 2-3 months to mow grass and do maintenance on target boards etc. Look for notices in coming newsletters.

Instructor Class, since the Women on Target, class, was such a great success we have made plans to hold another one next July 18, 2015. In line with this we have scheduled a training class for anyone interested in becoming an instructor. We are working with Paul Tribble, who is a NRA Instructor & Training Counselor, to hold this class. Please contact him directly for more information.

So far the following classes are scheduled for December 5th, 6th, & 7th:

- Basic Instructor Training (BIT) classroom only 6 hrs. (required for all classes)
- Basic Pistol – Classroom and range 8 hrs.
- Pistol Instructor 16 hrs. Classroom and range

These classes will be at the NORTH VALLEY SHOOTING FOUNDATION range.
4575 Whitefish Stage Rd. Whitefish, Montana.
